

Revolutionizing Salon Experience in Nepal

A Smart Digital Solution for Seamless Salon Booking

Team Sajilo Salon

Made with GAMMA

Addressing Current Challenges

Long Waiting Times

No online booking, causing queues.

Lack of Digital Tools

Limited online booking options.

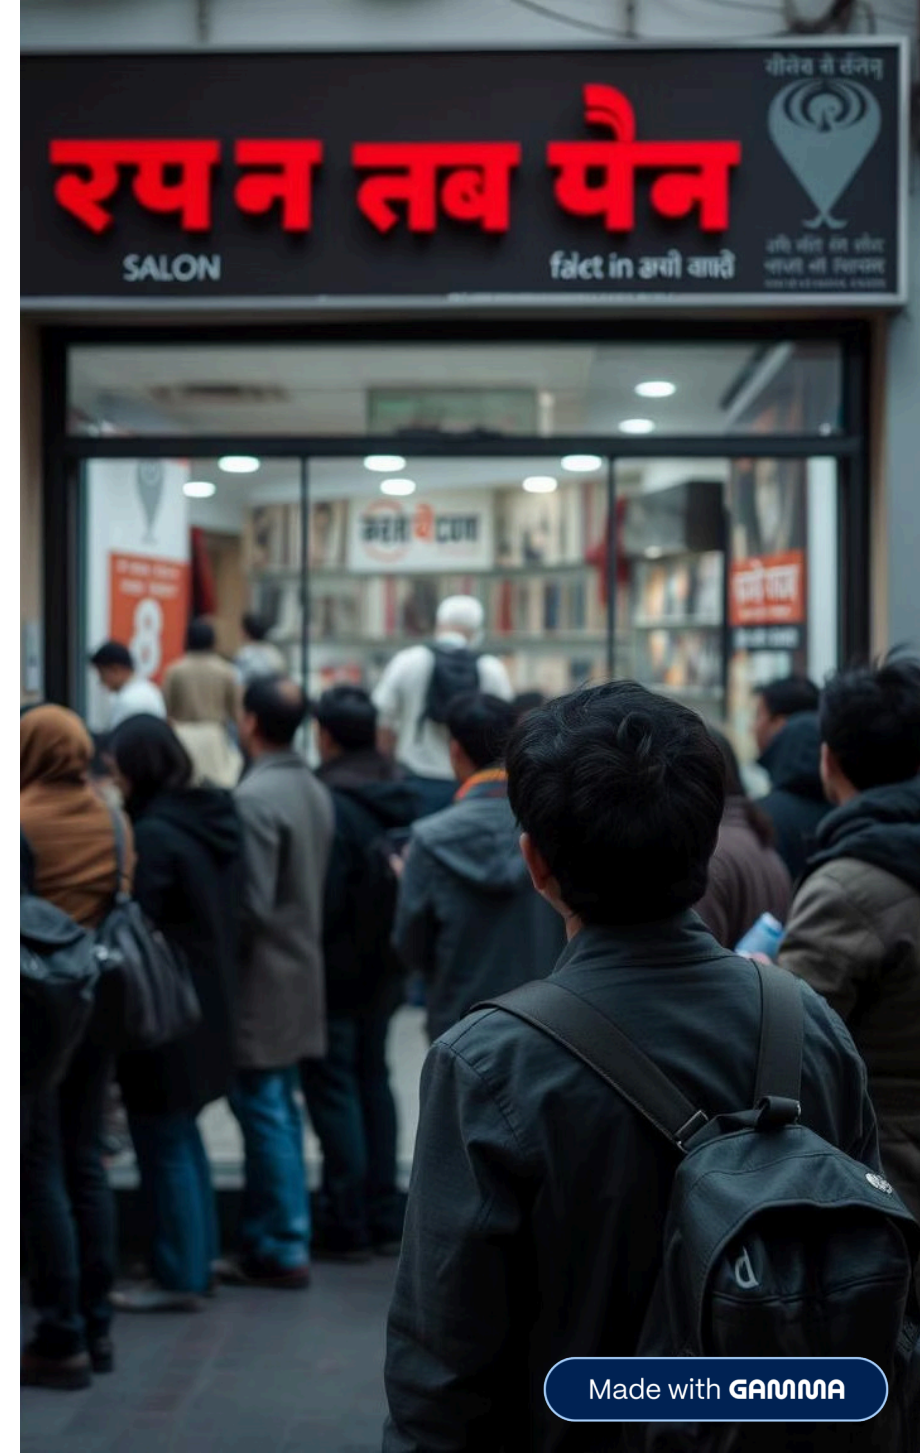

Customer Demand

Desire for efficient, hassle-free services.

Limited Data Insights

Salons struggle with tracking and revenue.

Our Diverse Revenue Streams

Commission Model

10-15% on every booking.

Subscription Plans

Freemium to premium tiers for salons.

Advertisement Revenue

Promoted listings, banner ads.

Data & Insights Reports

Paid analytics for salons.

In-app Products

Upselling packages and loyalty programs.

Branding Our Identity

Core Values

- Local & Trustworthy
- Premium Service
- User Convenience

Tagline

"Timely, Trendy, Trusted."

Market and Mind Share Goals

200+

Active Salons

Target for Year 1 in Kathmandu.

50K+

Bookings

Within first 12 months.

Mindshare Strategy

- First-choice app in Nepal.
- Strong social media presence.
- Local influencer marketing.
- Viral word-of-mouth growth.

Fostering Collaborative Community

Strategic Partnerships

Collaborate with local salons and barbershops.

Educational Outreach

Engage beauty schools and training centers.

Event Integration

Partner with fashion shows and expos.

Community Building

Loyalty programs and referral bonuses.

Our Niche and Target Audience

Target Audience

- Busy professionals
- Students and working women
- High-traffic localities (New Baneshwor, Thamel)

Niche Advantage

- Tailored for Nepali market.
- Local language support.
- Integrated local payment methods.
- Authentic cultural branding.

Positioning for Success

1

Pathao of Salons

Fast, local, and accessible booking.

2

Business Management Tool

Beyond just booking, for salon operations.

3

Digital Nepal Aligned

Supports national digital initiatives.

4

Scalable Growth

Future expansion to other services and cities.

Key Competitive Advantages

Microservice Solution
Real-time updates, robust system.

Centralized Admin Panel
Easy management and control.

Strong Tech Foundation
Scalable, maintainable, secure platform.

Future Expansion Roadmap

Home Grooming

Introduce doorstep beauty services.

AI Recommendations

Personalized style suggestions.

Mobile App Launch

Dedicated application for users.

City Expansion

Enter Pokhara, Lalitpur, and beyond.

Conclusion:

- Our salon booking system bridges the gap between traditional salons and modern digital expectations.
- With a strong **technical foundation**, **scalable microservice architecture**, and **localized branding**, we are set to transform the way salon services are delivered in Nepal.
- This is more than just a booking platform — it's a **complete business solution** for salons and a **convenient experience** for customers.
- With clear **revenue channels**, a focused **market strategy**, and **community-driven growth**, this project is both **socially impactful** and **commercially viable**.
